

Skills

Python
Scripting, AI Integration, Automation, LLM,
RAG, MCP

● ● ● ○ ○

.NET Core
Backend, Web API, C#, Entity Framework

● ● ● ● ○

Angular
Frontend, TypeScript, UI/UX, SPA, RxJS

● ● ● ● ○

Database Management
Database, Relational Databases, Queries,
Data Integrity, normalization, ER diagram,
CTE, Trigger

● ● ● ● ○

Azure & DevOps Tools
Azure Entra ID, Git, GitHub, Postman, CI/CD

● ● ● ○ ○

Certifications

Git and GitHub for Version Control	Privacy and Security in Online Social Media
Kongu Engineering College	NPTEL

Introduction to Industry 4.0 and Industrial IoT	Embedded System Design With ARM
NPTEL	NPTEL

Awards

Product Development Grant 2022
Technical Business Incubator (TBI), KEC
Secured INR 40,000 in seed funding to prototype an "IoT-Based Alert System for Accident-Prone Areas."
<https://kongu.ac.in/csd>
Finalist - Kavach 2023
2023
Kongu Engineering College
developed of a "Dark Web Crawler" during the internal round of the Kavach 2023 Cybersecurity Hackathon.

RANGA KAARTHI

Software Engineer | .NET, Angular & SQL

✉ rangakaarthi2004@gmail.com ☎ [+91 7871897402](tel:+917871897402)
📍 Salem

Summary

Versatile Software Engineer with experience in Java, Python, and .NET, dedicated to writing modular, reliable, and optimized code. Proven ability to solve complex problems and committed to engineering excellence and building scalable, high-availability systems through continuous learning and rigorous testing.

Profiles

Linkedin
[RANGA KAARTHI G K](#)

Experience

Nallas Technologies	Coimbatore
Intern	2nd September 2024 - Present

Software Engineer with 1+ year of experience building mission-critical applications using .NET Core, Angular, and Python. Expertise spans the full product lifecycle, from developing Web APIs to integrating AI/LLM models. Proficient in Azure Entra ID and MS SQL, dedicated to writing efficient, testable code for high-performance systems.

Education

Kongu Engineering College	Engineering • 7.79 CGPA
Computer Science and Design	Oct 2021 to Apr 2025

<https://kongu.ac.in/>

Projects

Dark Web Crawler	Jan 2023 – Mar 2023
------------------	---------------------

Developed a "Dark Web Crawler" using Python and Tor network integration to scan for illegal activities in real-time. Integrated the YOLOv7 object detection model to automatically classify images and videos. Selected as a key project for the Kavach 2023 Cyber Security Hackathon.
<https://github.com/Kaarthi2004/ShadowBot>

IoT-based Alert System for Accident Prone Areas in National Highways	2022-2023
--	-----------

Secured INR 40,000 in seed funding from the Technical Business Incubator of KEC to transition the concept into a working prototype.

Volunteering

National Service Scheme	2021-2023
-------------------------	-----------

Kongu Engineering College, Erode
Actively volunteered in the National Service Scheme (NSS). Participated in social service activities such as tree plantation, campus cleaning drives, and health awareness rallies.
